

Request for Proposals for providing Construction Engineering Services for the Gosport Bridge #164 over White River in Monroe County, Indiana. Designation No. 9981660

This request for proposals is the official notice of needed professional services for Monroe County, Indiana.

The Board of Commissioners of Monroe County are soliciting the professional services of a consultant to provide Construction Engineering services for the following project; Rehabilitation of Monroe County Bridge #164, Gosport Road over White River, in northwest of Stinesville. The existing structure is a Pennsylvania Truss, single span bridge, 315 feet long with approximately 50 feet approach construction, and other appurtenances.

A consultant will be selected in accordance with the revised "Procedures for Selection of Consultants on Contracts involving Federal Participation".

Any consultant having on file in the Office of the Board of Commissioners, the Monroe County Highway Department, or submitted with their proposal, current information on the firm's qualifications may submit a proposal to the Board of Commissioners, Monroe County, Indiana. The proposals shall include the following minimum information;

- a. Description of the proposed project.
- b. Description and sequence of the anticipated work elements.
- c. Proposed staffing for the work, including designation of the Project Manager.
- d. Proposed schedule of work.
- e. Anticipated work to be sublet.
- f. Statement of present work load.
- g. The names of at least five governmental entities, preferably Indiana governmental entities, for whom your firm has provided similar services within the past five years.
- h. Information concerning current overhead rate, as approved by the Indiana Department of Transportation.

It is anticipated that Federal funds will be available for Construction and Construction Engineering for this project. It is further anticipated that construction could commence in the late summer of 2006.

Only proposals received by the Monroe County Board of Commissioners prior to 12:00 p.m. (local time) on April 24, 2006 will be given consideration. Submit all proposals, 4 each, to the office of the Monroe County Highway Department, Room 323, Bloomington, Indiana, 47404.

If you have any questions or comments concerning this project, please contact Bill Williams, Monroe County Highway Engineer, at (812)349-2555 at your convenience.

Thank you for your interest.
