The City of Bloomington and its Utilities Service Board do not warrant the accuracy or precision of any tests performed or results obtained, and they hereby disclaim any liability which may arise as a result of the accuracy or precision of any tests performed or results obtained. Test results may be affected by many factors, including the method of collection of the sample tested and the method of testing. Analysis of an individual sample does not necessarily reflect the chemical or bacterial consistency of the area surrounding the point from which a sample was obtained. You are encouraged to have the test results obtained from the City of Bloomington verified by an independent testing laboratory.

WATER COLLECTION INSTRUCTIONS

MUST READ THIS ENTIRE SHEET BEFORE TAKING THE SAMPLE

- **DO NOT** wash or rinse the bottle. It has been sterilized and contains a chemical to remove chlorine. Do not use a non-CBU container; this increases the chance of contamination.
- Sample for microbiological analysis are accepted from **7:30 am to 3:00 pm Monday thru Wednesday, 7:30 am to 10:00 am Thursday and none on Friday and most Holidays. NO EXCEPTIONS!**
- Lab procedures used adhere to the protocols set forth in Standard Methods of the Examination of Water and Wastewater. Water sample will not be analyzed if they are more than **30 hours old** at time of testing.
- In most cases, bacteriological test results will be ready by 1:00 pm on the day after the test is set up. If you have any questions please call us at 812-824-4900.

FOLLOW THE DIRECTIONS BELOW FOR COLLECTING THE SAMPLE

Collect the sample from a clean tap. Do not use a drinking fountain, hose or a fire hydrant. Remove aerator screen, if present.

Pour common household bleach on a cloth and wipe the outer rim and inside of the tap. Let the water run for 5 minutes. Then, turn the valve down so only a small stream of water is running.

CAREFULLY, remove the cap from the sample bottle. DO NOT TOUCH inside cap or rim of bottle. DO NOT RINSE OUT BOTTLE

Fill bottle to the line. Replace cap tightly
