PUBLIC HEALTH REGULATION

PURSUANT TO STATE AND LOCAL LAW, INCLUDING INDIANA CODE § 16-20-1 et seq.

In light of the ongoing COVID-19 pandemic, the recent increase of new cases nationwide with a trend towards cases in a younger population, Monroe County's increasing and dynamic population, and to ensure that physical distancing and preventive measures vital to the mitigation of the pandemic remain in place, I hereby order as follows, **effective Wednesday, July 22, 2020 at 12:00 p.m./Noon (unless otherwise stated below, as in Paragraphs 7-9):**

1. Unless an exception as stated in Paragraph 2, below, applies, ALL individuals must wear a face shield, face covering, or mask (collectively referred to, hereinafter, as "face covering") over their nose and mouth when in an indoor place other than their own home or the home of an immediate family member, or when outdoors in a situation where adequate physical distancing of at least 6 feet is not possible (including outdoor public gatherings). *While a face shield is made of a harder, plastic-like material, an acceptable face covering or mask under this Order means a covering made of cloth, fabric, or other soft or permeable material that completely covers the nose and mouth and surrounding areas of the lower face.* . Persons unable to pay for a face covering should contact the Monroe County Health Department, the Office of Emergency Management, or the Office of the Monroe County Commissioners and one will be supplied at no cost. **This face covering requirement generally applies in all situations below, unless specifically and explicitly exempted below.**
2. This requirement does not apply to the following exceptions provided they are factually and legitimately applicable to an individual:
 - a. Children who are two years of age or younger.
 - b. Individuals who are hearing or speaking impaired and for whom a face covering is an obstacle to communication.
 - c. Individuals who are unable to wear a face covering for a documented physical, medical, or health-related reason.
 - d. Individuals in a hospital, doctor's office, dentist's office, or other health care facility, in circumstances where wearing a face covering would be an impediment to receiving proper care, as designated by the healthcare provider.
 - e. Individuals who are alone in an indoor space, such as in an office, or in a work-space and are physically distanced from all other co-workers. When unable to physically distance from others, a face covering is required.
 - f. Individuals who are traveling in personal vehicles.

- g. Individuals for whom wearing a face covering would present a risk to their safety while at work, as determined by local, state, or federal workplace safety regulations.
 - h. Individuals who are incarcerated.
 - i. Individuals who are engaged in a form of indoor exercise that is incompatible with wearing a face covering, including swimming.
 - j. Individuals who are seated at a restaurant, bar, or other establishment that serves food and/or drink. However, individuals entering and exiting restaurants or bars, or congregating in waiting areas or common areas of restaurants or bars (including bathrooms), must wear face coverings.
 - k. Individuals who are engaged in outdoor physical exercise, including running, jogging, walking, bicycling, or swimming, if in groups of less than 25.
 - l. Bona fide emergency situations in which a person lacks the time or the means to put on a face covering before entering an indoor or outdoor public space. Individuals who are outdoors and are maintaining at least 6 feet of distance from others who are not part of their household.
