

EXAMPLE

Site plan must show to scale:

- 1. Structures-** All proposed and existing buildings: i.e. pools, sheds, barns, garages, houses, etc.
- 2. Dimensions of structures**
- 3. Driveway access-** Existing or proposed
- 4. Septic System location (not applicable for lots with sewer service)-** Existing or proposed, tanks and fields
- 5. Dimensions from Septic system to any near-by structures**
- 6. Dimensions from property lines to proposed structures**
- 7. If known- location of any easements or sinkholes on the property**

The Planning Department can help you create a site plan with all necessary components at no extra cost. Come see us at 501 N. Morton St, Suite 224. Monday-Friday 8 am-4pm
